

*Pastures Golf Club
Presents
Opportunity to Sponsor
a Hole*

Sponsor 1 of 9 Holes at Pastures Golf Club

Pastures Golf Club have developed an Exclusive opportunity for a limited number of advertisements to appear on their lovingly maintained golf course.

One of the clubs latest projects for improvement was to commission the manufacture of highly engineered bespoke signage strategically placed by the teeing off area on each of the 9 holes.

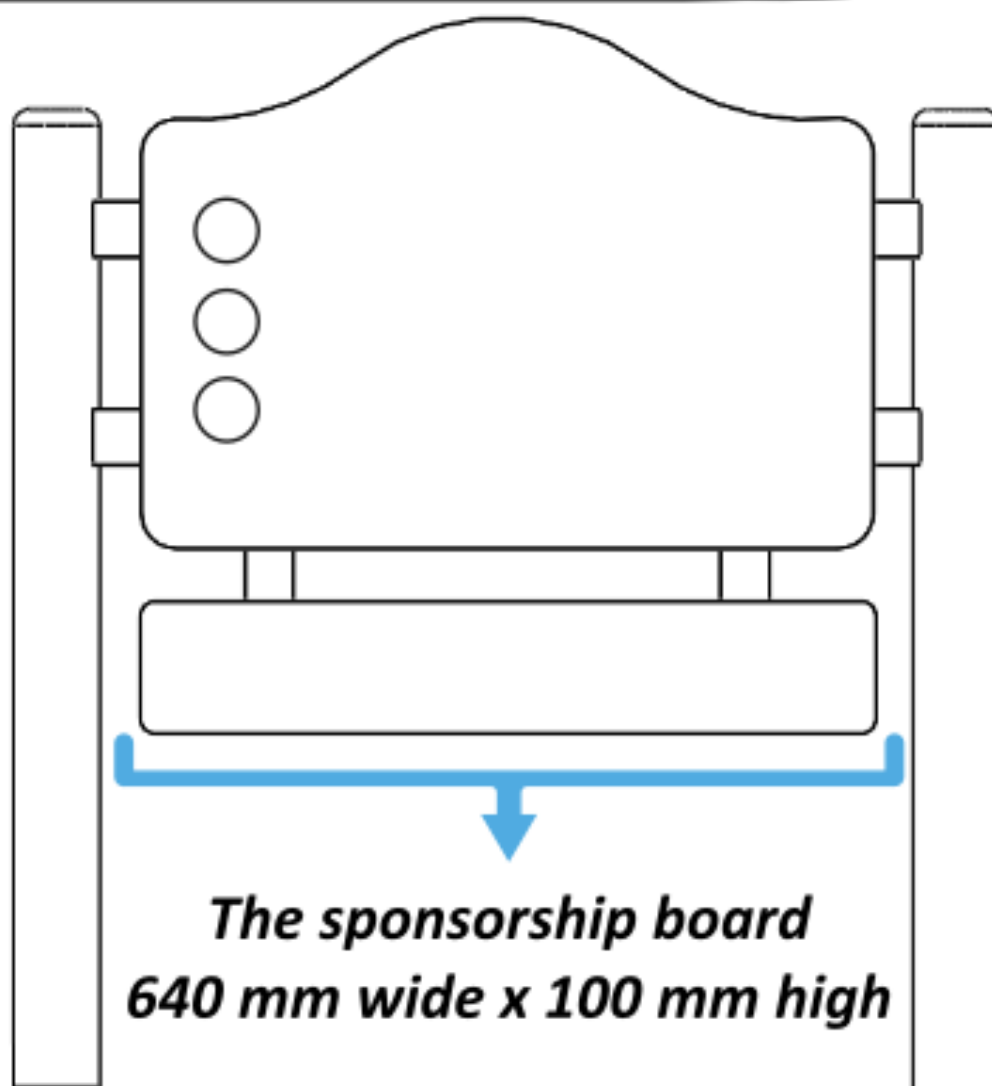

Example Setting

These beautiful boards are designed to help each and every golfer plot their way around the manicured course by containing all of the relevant information about the individual holes.

Many golfers will visit each teeing off area twice during one round of 18 holes.

The club has made space available for organisations or individuals to proudly display information on these unique items.

***The sponsorship board
640 mm wide x 100 mm high***

Pricing Structure:

12 Month Sponsorship = £300

24 Month Sponsorship = £500

36 Month Sponsorship = £700

Your insert can be designed/ manufactured for an additional cost of £50

Each design and manufacture package consists of a weatherproof Stainless Steel plate upon which your weatherproof sponsorship advert will be placed. All tee information boards are cleaned periodically.

Additional Sponsor Benefits can be discussed on application

Local precision engineering firm, Promach 3D, is delighted to have worked in association with Pastures Golf Club on designing and manufacturing the newly installed bespoke tee information boards.
